## **DETAILED ACTION**

### ***Response to Amendment***

1. Receipt is acknowledged of the Amendment filed October 09, 2003. The applicant cancelled claims 1, 2, and 7.

### ***Allowable Subject Matter***

2. Claims 3-6 and 8 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the previously cited prior arts of the record, Baitz et al. (US 5,412,191) and Larson et al. (US 6,369,709) taken alone or in combination of other references do not teach, disclose or fairly suggest the claimed method and apparatus of a check-out system comprising, among other things, a pop-up housing on an assisted-service side of the check out counter adjacent the field generator and vertically movable between a raised position for self-service checkout operation and a recessed position for assisted-service checkout operation. Since none of the prior arts of the record disclose the pop-up housing containing a sensor for assisting only self-service customers with proper deactivation of security labels, one of ordinary skill in the art would not have been motivated to modify teachings of prior art to meet the claimed limitations as set forth in the present claimed invention.
